## 1. INTRODUCTION

This guidance material provides comprehensive information on the process of approval / acceptance of Part-145 Maintenance Organizations. It is intended for organizations and individuals seeking to comply with the requirements established by the Albanian Civil Aviation Authority (ACAA). The guidance aims to ensure a clear understanding of the applicable procedures, required documentation, and compliance steps throughout the process.

The guidance is intended for national and international maintenance organizations that intend to request an approval or acceptance in accordance with Part 145, as well as to any other interested stakeholders. The process is conducted in compliance Air Code of Albanian Republic No. 96/2020, DCM No. 1095/2020, transposing Regulation (EU) 1139/2018, Law No. 53/2022 "On organizing and functioning of ACAA" and Minister Order No. 79/2024, which transposes Regulation (EU) 1321/2014, as amended.

## 2. REQUIRED DOCUMENTATION

To initiate the process, the following documents must be submitted to ACAA offices:

- ACAA-DFS-AIM-102: Application Form
- Certificate of Corporate Registration
- Formal Act delegating the Accountable Manager
- ACAA-DFS-AIM-104: Application Form for Nominated Persons (with supporting qualifications and competence documents)
- Maintenance Organization Exposition (MOE)
- Compliance checklist to Part 145
- Internal Audit results and latest CAA audits (if already hold an approval from other CAAs))
- Points of contact of the organization
- Contract with Albanian operator (*if applicable*)
- The approval certificate (*in case of application for acceptance from ACAA*)
- Any other documents as required by the specific process.

## 3. STEP-BY-STEP PROCESS

### 3.1 Step1: Pre-Application

The organization submits a pre-application package that includes a formal request for acceptance/approval, application forms, and preliminary documents. If applicable, a preliminary meeting may be scheduled to clarify requirements and procedures. If a meeting is held, it will take place in the ACAA premises.

### **3.2 Application Submission**

The organization submits a completed application package, including all required documentation. The ACAA reviews the submission for completeness and compliance with regulatory requirements.

### **3.3 Desktop Audit**

ACAA conducts a desktop audit to evaluate the submitted documents, including the MOE, compliance checklist, and qualifications of key personnel. Interviews with nominated postholders may be conducted as part of this step.

### **3.4 On-Site Audit**

An on-site audit is conducted to verify the organization's compliance with Part-145 requirements. The audit includes inspections of facilities, procedures, and personnel qualifications. Findings, if any, are documented and communicated to the organization. If the organization holds an EASA Member State Approval, the on-site audit may be optional based on the internal and CAA audit reports.

It is recommended that the Accountable Manager be present at the first meeting of the initial approval process as well as at the final one.

### **3.5 Corrective Actions**

The organization addresses any findings from the audit by submitting a Corrective Action Plan (CAP). The ACAA reviews and monitors the implementation of corrective actions.

### **3.6 Issuance of Certificate**

Upon successful completion of all steps and closure of findings, the ACAA issues the Acceptance/Approval Certificate along with the Approval/Acceptance Schedule. The certificate is valid indefinitely, subject to ongoing compliance and periodic audits.
